

K-LOVE is a great radio station that has a very big impact on my life
I wouldn't want any other radio station to take it's place. Every time i listen
to it, it encourages me and helps me get through my day
my little sisters have something that's good for them to listen to.
The other radio stations only hurt us. K-LOVE helps! It supplies
help in situations with my child. It's a family radio station. There
aren't any others that are this great! Please leave K-LOVE on the air
